

Recovery Act Non-Reporters – Reporting Period 1

Federal agencies identified 4,359 recipients who should have reported but did not and, therefore, are in violation of Section 1512 of the Recovery Act. On November 30, 2009, the Office of Management and Budget issued guidance to federal agencies on “Improving Compliance in Recovery Act Recipient Reporting,” which clarified consequences for non-reporters. The guidance stipulated that non-reporters “are subject to Federal action, up to and including the termination of Federal funding or the ability to receive Federal funds in the future.”

621040455	02SE9895	Quintana Baptist Church	Grantee has tried to register 5 times, has not received a confirmation yet. Has been in contact with helpdesk.

072750680	02SE9913	THE CHILD CENTER OF NY	Linda Rodriguez, the Program Director reported that the agency was registered on September 29, 2009. However, she was mistaken. The agency had actually just started the process. Keith Leavitt, the CFO reports that the agency registered with the CCR web.
601641553	02SH9896	Diocese of Mayaguez	Grantee reported on both grants under one account.
100675180	03SE2725	Mineral County Board of Education	I sent you a fax of the report. I contacted the help desk to see why we could not send in the report as required. I was told that when our finance man registered in CCR it was not complete. He did it on 9/14/09. We have to go back to the CCR.gov and find out what was omitted in his initial registration. The report is correct and so is the Duns number. The report will not be accepted without the CCR being correct. We will redo that but it takes 24 to 48 hours before it is activated. When correct and activated we will resent it if we can. The help desk says that our ticket number is 173 342 which a reference number if you want confirmation of his information.
100255249	04SE2198	WILLIAMSTOWN BOARD OF EDUCATION	<p>From the grantee: Below is a screen shot showing the report has been submitted. This is actually the third time the report was submitted. Once yesterday and twice today. Please find attached the file that has been uploaded. From what I gather from the service helpdesk is that the CCR confirmation came through this morning, which means that federal reporting will not upload the ccr registration information until tonight. I have no idea what this implies if the report is not showing as being confirmed in federal reporting databases not being updated.</p> <p>I have followed up with the help desk once again. The technician has told me that my report(s) are still not showing up on their end due to my profile not being updated, even though my CCR confirmation was</p>

They now have their FRPIN, however, the report can ONLY be uploaded at this time, and NOT CREATED. Each time they have attempted to submit the report prior to receiving the FRPIN (at least 5 times now), they have done so by CREATING the report because the template provided on the reporting site is an Excel document, which is protected, and it contains a pre-filled cell for award type of "Federally Award Contract." They cannot alter the template to enter GRANT as the award type. Therefore their attempts to upload the report have all failed. The current error message is that the award type does not match.

035883487	90SE0983	HUALAPAI TRIBAL COUNCIL	<p>I am so sorry that the reporting was not done. I recently became the new director here Hualapai head start and did not realize it was due. There were over 500 emails in the mailbox when I came and I just barely was able to sort through them. I do see some information from the emails, but am still unsure how to complete the report. I apologize that the reporting was not done on time. I did not realize it was due until Tomara Baker called me on October 21. I did try to complete the report and was unable to due to my newness to headstart. I did attempt to call her back that afternoon, but she was already gone for the day. I also sent her an email letting her know of my attempt to complete the report. I also called her twice on Thursday Morning and left messages, but still didn't hear anything. I was at a conference Thursday and Friday and never made contact with her. I again tried to contact her today (Monday) but did not reach her. Are you the one I need to be talking to with my questions? Again I am sorry this did not get done in a timely manner, but things have been crazy here. Please let me know if or when you would be available to help me with this, or if I need to try to talk with Tomara. I also tried to contact another director in my area to see if she can help. Please be assured that I am attempting to submit this report in a timely manner now that I am aware of it.</p> <p>I hopefully have what I need here (report template attached to email), but it will not let me submit the report at Federalreporting.gov ...So I am not sure what to do. Here is an attachment of the report. I would appreciate some guidance on how to submit this if sending it to you will not work. I called the help desk and they told me it was too late and I can't submit it. Thanks for your support in this matter.</p>

048454003	90SE8048	FIVE SANDOVAL INDIAN PUEBLOS, INC	I wanted to bring you up to date and give you a status on this report. Our Chief Financial Officer, Stephanie Yepa-Toledo, here at Five Sandoval Indian Pueblos, Inc., has created a login id/password for all programs to use. I submitted a report for the COLA funding last week, but not for the ARRA. I have tried to login to the system and make a report but it states that it needs a program administrator to first review the reports. I am meeting with Stephanie later this afternoon. I will take care of this matter by the end of the week.

293297446	02SE9878	Brooklyn Child and Family Services, Inc.	The agency started the process of ARRA reporting the week of September 28, 2009, but experienced significant difficulty. The Program Director has documented numerous telephone calls to the helpdesk. The week of October 12, 2010 the Program Director discovered that the DUNS number was incorrect. She received the correct number on Tuesday, 10/13/09. On Wednesday, 10/14/09, she re-registered on the CCR web site. She was directed to wait 2-3 days to access the federal reporting web site, www.fed.gov . The Program Director said she tried to access www.fed.gov earlier today (10/19/09), but the number was not recognized. She will call the helpdesk again. On 10/15/09, Arthur Elkin, the Fiscal Specialist directed BAH to change the DUNS number in GATES.

100675180	03SE2725	Mineral County Board of Education	I sent you a fax of the report. I contacted the help desk to see why we could not send in the report as required. I was told that when our finance man registered in CCR it was not complete. He did it on 9/14/09. We have to go back to the CCR.gov and find out what was omitted in his initial registration. The report is correct and so is the Duns number. The report will not be accepted without the CCR being correct. We will redo that but it takes 24 to 48 hours before it is activated. When correct and activated we will resent it if we can. The help desk says that

788043412	06SE7023	ARKANSAS HUMAN DEVELOPMENT CORPORATION	Arkansas Human Development Corporation had spoken twice with service desk about having not received their FRPIN . They now have their FRPIN, however, the report can ONLY be uploaded at this time, and NOT CREATED. Each time they have attempted to submit the report prior to receiving the FRPIN (at least 5 times now), they have done so by CREATING the report because the template provided on the reporting site is an Excel document, which is protected, and it contains a pre-filled cell for award type of "Federally Award Contract." They cannot alter the template to enter GRANT as the award type. Therefore their attempts to upload the report have all failed. The current error message is that the

			award type does not match.
047140314	06SH0222	HELP - New Mexico	Received email saying the reason that the submission for HELP-NM did not occur was due to the lack of the FRPIN number (which they now have). Eastern Allegheny Council for Human Services corrected all of the errors they had but one. Apparently the DUNS number of record must align with the number in the Contractor Central Registry (CCR). EACHS has been a grantee for over thirty years and did not register or know they needed to register in a contractor data base. They provided the information according to the instructions received from the helpdesk, but were told it could take two or three days before their registration could be confirmed. PIT actually reported, incorrectly as a subrecipient, and was issued a FRPIN and was able to upload the sub recipient report. Unable to find the report, I requested they send me a copy of the report they submitted. This took two calls to the help desk at federalreporting.gov. At this time they submitted as a prime recipient but they were unable to create a report because federalreporting.gov indicated that the DUNS number was inactive. By the time they were able to reactivate the DUNS number at ccr.gov, the reporting cycle ended.</p>

I have no idea what this implies if the report is not showing as being confirmed in federal reporting databases not being updated.</p> <p>I have followed up with the help desk once again. Summary of contact details are below. 10/21: Grantee was not showing on missing list and report cannot be found on FederalReporting.gov, yet we have the confirmation email from grantee. 10/16: Received confirmation email of a successful submission from grantee, dated 10/9. 10/13: Danielle called Zenobia Williams, who said she registered, but the DUNS number had been transposed in their original application, so they registered under the correct DUNS number, yet still it can't be found.

080464613	02SH1298	Schenectady Community Action Program, Inc.	Grantee 02SH1298 faxed a message reading that they went to the website 'to report on their HS ARRA Expansion grant. They were told the last day was yesterday. They did not initially report on the grant because the contract date was 9/30/2009 and they erroneously thought they didn't need to. They created a template for the report.' They are waiting to receive advice and what action to take next. I e-mailed their chat record of why they didn't make the deadline to you this morning.
119777977	03SH2483	Community Services for Children, Inc.	they reported on cola quality but were unaware they needed to report on expansion as per brenda's conversation with the grantee today. They tried to report but the system was closed so were unable to report. the SE granted number for this grantee's cola quality report is fine and reported but this expansion number is not in the system because of what I previously stated above. the grantee was instructed to call their regional office program specialist which they did to report this --
